

Collaborative Support Recovery Resources

Waukesha County Heroin Task Force Support Recovery Action Team

The focus of this action team is to provide recovery support both for individuals and their families battling substance use disorder.

PREAMBLE

In pursuit of collective resilience and renewal, the HTF Support Recovery Action Team has assembled these resources as beacons of hope and strength. As we navigate the paths of recovery, we recognize the profound impact of adversity and the shared journey toward healing. This compendium stands as a testament to our commitment—together—to fostering restoration, empowerment, and thriving.

These resources converge from our HTF community partners and encompass a tapestry of tools, knowledge, and guidance, woven with the intent to uplift and embolden individuals and communities in their pursuit of recovery.

We hope you find these pillars of support to offer solace in times of uncertainty, illumination in moments of darkness, and pathways to resilience amidst challenges.

Together, we embark on this journey—a journey fueled by empathy, bolstered by shared knowledge, and guided by the unwavering belief in the human capacity for renewal.

If you have any questions regarding these resources, we encourage you to contact Nicole Breu at nbreu@waukeshacounty.gov and she will direct you to the right person.
